## DIRECTOR'S *Message*

**I**t gives me immense joy to know that St. Antony's Convent School, Adampur is bringing out the first volume of its News Bulletin named "The Antonian Aurora". The name 'Aurora' indicates natural appearance of coloured light in the sky which is seen particularly at the dawn of the day. Just like the name this news bulletin is the presentation of the various potentialities and creativities of our students that colour the lives of the Antonians every day. The curricular and extracurricular activities shine as the aurora on the looming horizon of this educational institution. The Antonian Aurora highlights the achievements and milestones covered by the institution during the last academic year 2019-20. It would serve as a historical reference document for both the staff and students. Glancing through the pages our Parents would come to know the ideals and ethos we stand for and the plethora of interesting and exciting opportunities that are made available to the children. It also paves the platform for our budding artists to learn more through sharing and exhibiting their talents and knowledge.

I would like to congratulate the Principal and staff very especially the editorial team who brought out this News Bulletin in the best way possible within the stipulated time. Keep up the good spirit of team work

**A** thought that has been enduring in mind when becomes real; is truly an interesting and exciting experience. This Antonian Aurora is one such cherished work that has its own roots in the persuasion. It would be a snapshot of the various activities and advancements for all associated with St. Antony's Convent School Adampur. Proper communication plays a vital role in institution's development. This Newsletter will serve to reinforce and allow increased awareness, improved interaction and integration among all of us. Usually we fail to appreciate the good works of many people and activities that happen around us as we are engaged in irrelevant talks and assumptions. It could all change if we just pause to think of what is our contribution to the school from which we have been gifted with this blessed profession. The progress of the school mainly depends on many people who are working behind the scenes, overtime, round the clock planning things at the smallest level. This newsletter will be a medium to provide proper acknowledgement and respect to all these efforts and its results. This inaugural issue is a brief account of the important events held up to 27 February 2020. This is only a small step towards a long journey. To achieve progress and to meet objectives we have to cross numerous milestones. This maiden issue of this newsletter should inspire all of us for a new beginning enlighten with hope, confidence and faith in each other in the road ahead.....

## Editorial

Childhood is the golden age of life. It is the age to scatter seeds in the land of life so that later there may be shade, fragrance and fruit for the self and the society. In order to ensure that children's attainment and achievements are of the highest standard at this age, our duty is to create opportunities for them to express themselves.

Here at St. Antony's Convent School, our priorities mainly focus on

- i) Boosting accomplishment
- ii) Developing skills

We live in an age of transition, where rapid technological advancement coupled with experiments in different disciplines of sciences and social sciences are making present system obsolete necessitating a paradigm shift in our thought processes.

To support all these, we look at a development programme to ensure excellence in learning and teaching.

St. Antony's Convent School has been rendering admirable services in the field of education by scattering immortal beams of light and learning.

We remember and acknowledge the struggles and contributions of all those who helped in the growth and success of this institution.

### THE MASTER WORKS WITH HEART AND SOUL

Creation is that beauty of human existence that dismantles the barrier between man and God, for among all the jobs that are supposed to be in the hands of God, the first and the foremost is that of creation. Creation demands concentration, concentration demands love, love demands innocence and innocence makes this world beautiful and loveable. Therefore, all efforts are made at St. Antony's Convent School to encompass the creation and the creativity among the children so that the future of the world is beautiful.

Today modern world is moving at a high pace and is on the wheels of development. In order to match with its pace, we do an endless series of efforts. We, here at our school, has introduced a series of events to provide our students an opportunity to exhibit their creative talents through their contribution in different events.

### REAL MOTTO

God's Grace showers on all alike just as the skies cover everything beneath. The real motto of the Antonian's is to obtain the blessings from God as it is the Word of God, which should be recited, heard and meditated upon to achieve spiritual bliss. The real aim of education is the knowledge not of facts, but of values, so our motto is to inculcate in our students the respect for spiritual, moral and aesthetic values. These values play a vital role to create a strong bonding and stable connection between teacher and students.

Value based education also provides social capacity to students, equipping them with social and relationship skills, intelligence and attitudes to succeed at school and throughout their lives. So we give utmost importance to these values to improve individual achievement and academic excellence.

Swami Vivekananda quotes "Arise, awake and stop not till the goal is achieved". The school organized various events during the session 2019-20 so that the students could get the opportunity to showcase their hidden talents.
